

SAM'S BARK BUDDIES

Bespoke Dog Care Services in West London

OUR SERVICES

One to One Walks

8am - 6pm

We ensure your precious pup receives the undivided attention of a trained Bark Buddies walker in an area they are comfortable and familiar with. Your walker will spend time with you and your dog to understand your needs and your preferred walking routes.

Buddy Up Walks

8am - 6pm

Has your hound bonded with the dog next door? Does their bestie live down the road? Will they have a better walk and run around with their favourite puppy pal?! If you have a friend or family member's dog you'd like us to walk yours with, we'll be happy to accommodate and walk them together. Who are we to get in the way of frolicking friends!

Puppy Play

8am - 6pm

We all love puppies, they are the cutest bundles of fun, but we also know they can be pretty challenging - we've been there too! Our Puppy Play service is a combination of short walks and socialisation, playtime and training, all designed to meet your puppy's needs. It is also a great way to get your puppy used to a new person too, hopefully one they can build a relationship with so that they will have a dedicated Bark Buddy for the long run.

The Extra Mile

6pm till late

This unique service ensures you can really switch off on evenings when you're not there. Whether it's a special occasion, drinks with friends or the need to work late, we'll hang out with your pup for the evening, giving you the chance to relax and the flexibility to stay out a little longer.

Overnight

Per 24 hour period

Our Overnight service allows your dog to relax in the comfort of their own home whilst you're away. We'll stick to your usual routines and look after your house too so that you can really switch off.
